

VIVERE MUSIC

CHILD SAFE RISK MANAGEMENT PLAN

PURPOSE

Creating a child safe environment includes:

1. Identifying environmental risks to children's safety in relation to the activities and services we provide, our physical settings and our online spaces and communication
2. taking action to reduce these risks and children's exposure to harm or abuse.

These risks can change over time if our physical and online spaces change, or different activities or services are provided by our organisation. This may also include unique events, excursions or travel involving children. Our plan will be regularly reviewed and updated to reflect any changes.

Our Risk Management Plan in the table below sets out these risks, assesses their potential impact, the strategies to help prevent or reduce them, and keeps track of our progress.

NATURE OF OUR SETTINGS AND SERVICES PROVIDED

Vivere Music provides private one-on-one music lessons to children as young as three (3) years old to adults. We also hold recitals for our students to showcase their talent once a year.

These activities and services take place in the following locations:

- On-site at Vivere Music's location
- Off-site at recital locations which may vary
